Type of designated requested: Location (Street):  
1. Marker (Place)                      S.W. 25 Road  
2. Plaza                      From S.W. 1 Avenue  
3. Street Codesignation X To S.W. 9 Avenue  
To be honored Mary Brickell

Brief reason for codesignation request: Mary Brickell  
was the individual most directly responsible for the design and  
development of Brickell Hammock and "The Roads" area. Her foresight  
and dedication led to the creation of well designed streets with  
landscaped median "parks". This area has been designated by the  
City of Miami as an environmental landmark. Ms. Brickell was also  
one of Miami's most important pioneers and is very worthy of  
individual recognition among Miami's most notable women.

## General Instruction and Information

1. Submit completed application , application fee and expense deposit to the City of Miami Public Works Department, 275 N.W. 2 Street, Miami, Florida 33128, ATTN: Executive Secretary, Co-designation Committee.
2. Three methods of designation will be considered:
  - a. Marker, by which a plaque or sign bearing a designation shall be mounted separately on a stone or post in the right-of-way.
  - b. Plaza, by which the intersection of two streets shall be designated or as relevant to the site. The designation shall be mounted on the post under the street signs at the intersection.
  - c. Co-designation of a street by which a numbered street shall receive an additional designation over the numbered street on the street sign, or traffic overhead cables.
3. After the application, application fee and expense deposit have been submitted, the codesignation committee will review the request using the following criteria and to make recommendations to the City Commission.
  - a. Named streets e.g., as in Coconut Grove, shall not be changed where there is a historical tradition attached to the existing name.
  - b. Named streets shall not be codesignated because of the resulting confusion.
  - c. Numbered streets shall not be codesignated for merely commercial purposes.
  - d. Numbered streets shall only be codesignated if there is significant historical, neighborhood or community benefit to the codesignation.
  - e. Numbered street codesignation shall not exceed five (5) blocks in length. Ideally, the co-designation should begin and terminate at a signalized intersection.
  - f. Numbered streets shall not be codesignated with the names of public officials holding office at the time of the codesignation. A period of not less than five (5) years shall elapse after a living public official's termination of office before a numbered street shall be codesignated with the name of said public official.
  - g. Block numbers shall be added to any new street signs that reflect codesignation.
4. All expenses incurred by the City, or any other governmental agency resulting from requests for street codesignations, markers or plazas shall be paid by the applicant in addition to the application fee. Expenses that will be incurred, whether the application is approved or denied, include but are not limited to, newspaper advertising, posting of notification placards, postal notification to local residents and postal correspondence to the applicant. Upon approval by the City Commission of a request for a street codesignation or a marker or a plaza, the applicant shall pay all expenses related to the permits, manufacture and installation of the appropriate signs and related appurtenances.
5. Designation of a plaza, marker, or street shall become effective only upon approval by Resolution by the City Commission.
